Category Descriptions:

Category 1 = Test Stand Approval (to be compliant with the latest edition of AHRI Standard 550/590 (I-P) or AHRI Standard 551/591 (SI)). This includes the initial approval, approval after expiration of an approval, and approval after physical and/or operational changes are made which impact results of a previous Category 1 approval.

Category 2 = Approval of revised capacity limits on the Test Stand with a current Category 1 Approval. An approval in this category does not modify the expiration date of the Category 1 approval.

Accompanying this request is the following information (according to the Approval Category selected):

1. Form WCCL-FA2, Personnel Experience Questionnaire;
2. Form WCCL-FA3, Test Stand and Equipment Questionnaire;
3. Form WCCL-FA4, Calibration Summary;
4. A completed AHRI Standard 550/590 & 551/591 System Calibration Worksheet (found online at www.ahrinet.org) with a copy of each calibration report showing date of last calibration.
5. A schematic drawing of the area of the test stand in which AHRI certification testing will be performed;
6. Photographs of the Test Stand in which AHRI certification testing will take place (which shall include sufficient views to show the location and connection of each instrument as well as the location and connection of the ports to be used by the Laboratory during witness testing).

In signing this form and submitting all information requested above, we acknowledge that the Test Stand is in conformance with all of the provisions of the latest edition of AHRI Standard 550/590 (I-P) or AHRI Standard 551/591 (SI).

Final approval of this test stand to conduct witness testing in support of the AHRI Certification Program for Water-Cooled Water-Chilling Packages Using the Vapor Compression Cycle is contingent upon AHRI's approval of the information provided and satisfactory completion of a test stand and equipment inspection. AHRI will notify the Participant, in writing, when final approval of the test stand to conduct witness testing has been granted. Final approval must be received before any AHRI certification tests, including program qualification tests, can be conducted in the test stand.
