

California Energy Commission, Efficiency Division
2019 Building Energy Efficiency Standards (Title 24, Part 6)
Pre-Rulemaking Workshop Schedule

Workshop Date	Topics
April 20, 2017	PV and ZNE
May 23, 2017	Cancelled. This workshop will be rescheduled at a later date.
June 1, 2017	Residential Envelope Measures (High Performance Walls, High Performance Attics, High Performance Windows and Doors, Quality Insulation Installation (QII)); Residential Water Heating (Compact Hot Water Distribution Design, Drain Water Heater Recovery)
June 6, 2017	Residential Indoor Air Quality, Nonresidential Indoor Air Quality; Laboratory Measures (Induction Exhaust Fans, High Efficiency Fume Hoods); Warehouse Topics (Hybrid Condensers, Loading Dock Seals); Residential HVAC (Quality HVAC)
June 20, 2017	Nonresidential HVAC (Water Side Economizer, Fan System Power, Exhaust Air Energy Recovery, Equipment Efficiency, Transfer Air for Exhaust Air Makeup, Demand Control Ventilation for Classrooms, Occupant Sensor Ventilation, Cooling Tower Minimum Efficiency, Fault Detection Diagnostics for Built-up Systems)
June 22, 2017	Nonresidential Lighting (Indoor Lighting Sources, Indoor Lighting Controls, Lighting Alterations, Advanced Daylighting Design); Outdoor Light Sources; Outdoor Lighting Controls
June 29, 2017	Hospitals; Demand Response Clean Up; ATTCP Requirements
July 13, 2017	TBD
